

# 2017 Growth Bonus

The 2017 Growth Bonus is designed to reward Independent Distributors who create growth in their personal Limitless Organization, by rewarding them payment based on the overall growth of the company. The bonus begins September 1, 2017 and is available to both new and current distributors.

**Qualification Period:** 9/2017 through 2/2018

**Payout Period:** 1/2018 through 11/2018

## **Requirements:**

In order to participate in the Growth Bonus, a Distributor must:

- Increase non-high leg Organizational Volume (OV) by ~~50,000~~ 25,000
- Unencumbered Volume (no more than 50% of OV from any one leg)
- Maintain OV growth for 3 consecutive months after achieving

New Distributors (enrolled September 1, 2017 – February 28, 2018): New Distributors must generate a minimum of ~~50,000~~ 25,000 OV in a commission period, with no more than ~~25,000~~ 12,500 (50%) coming from any one leg. This volume must be held and maintained for 3 consecutive commission periods to qualify for the bonus.

Current Distributors (enrolled prior to September 1, 2017): Starting point is based on Organizational Volume (OV) as of midnight August 31, 2017. Current Distributors must increase non-high leg volume by ~~50,000~~ 25,000 with no more than ~~25,000~~ 12,500 (50%) in increase coming from a single leg, and maintain the growth for 3 consecutive commission periods.

To receive payout each month in the payout period, a distributor must maintain the target qualifying non-high leg volume. If a distributor does not maintain the target qualifying non-high leg volume for a month during the payout period, that distributor will not be qualified for that month and will not participate in the payout.

## **Initial Qualifications:**

Increase starting point non-high leg volume by ~~50,000~~ 25,000 with no more than ~~25,000~~ 12,500 in increase coming from a single leg. New Distributors are able to qualify with an increase in total OV, as long as the 50% rule is met.

- Example Current Distributor: If a distributor has non-high leg volume 9,500 in 8/2017, that distributor must achieve total non-high leg volume of 34,500 by the end of the qualification period.

Maintain target non-high leg volume level for 3 consecutive months. Distributors will not be penalized for exceeding the target.

- Example: if a distributor's target non-high leg volume is 34,500 and the distributor initially achieves 42,000 in qualifying non-high leg volume, the distributor need only maintain the target of 34,500 in qualifying non-high leg volume to qualify for the bonus.

## **Payout Period:**

The payouts will begin once a distributor has met the initial requirements, including maintaining the new volume for 3 consecutive commission months. The final payout will occur as part of the November 2018 commission run. Each qualifying distributor will receive 1 equal portion of the fund each month. The fund

will fluctuate with company growth and payout will fluctuate based on the fund size and number of qualifying distributors.
