**CORE 50 PV**

Your first 50 PV makes you "active" in the Front end of the plan.

The more "active" distributors you are wide, the deeper you will get paid on everyone's CORE 50 PV up to 6 LEVELS deep.

**The average person purchases more than 50 PV.**

**This helps you become an Xecutive:**

After the first 50 PV, all spillover volume from you and your customers' orders flows into the middle 300 Portal PV to become an Xecutive. As an Xec, you will earn 5% on all of your front-line spillover Portal volume.

**Bricks and Ladders: The Cornerstone**

Once you become an Xec we refer to you as becoming a "brick" the building block of your Limitless Business!

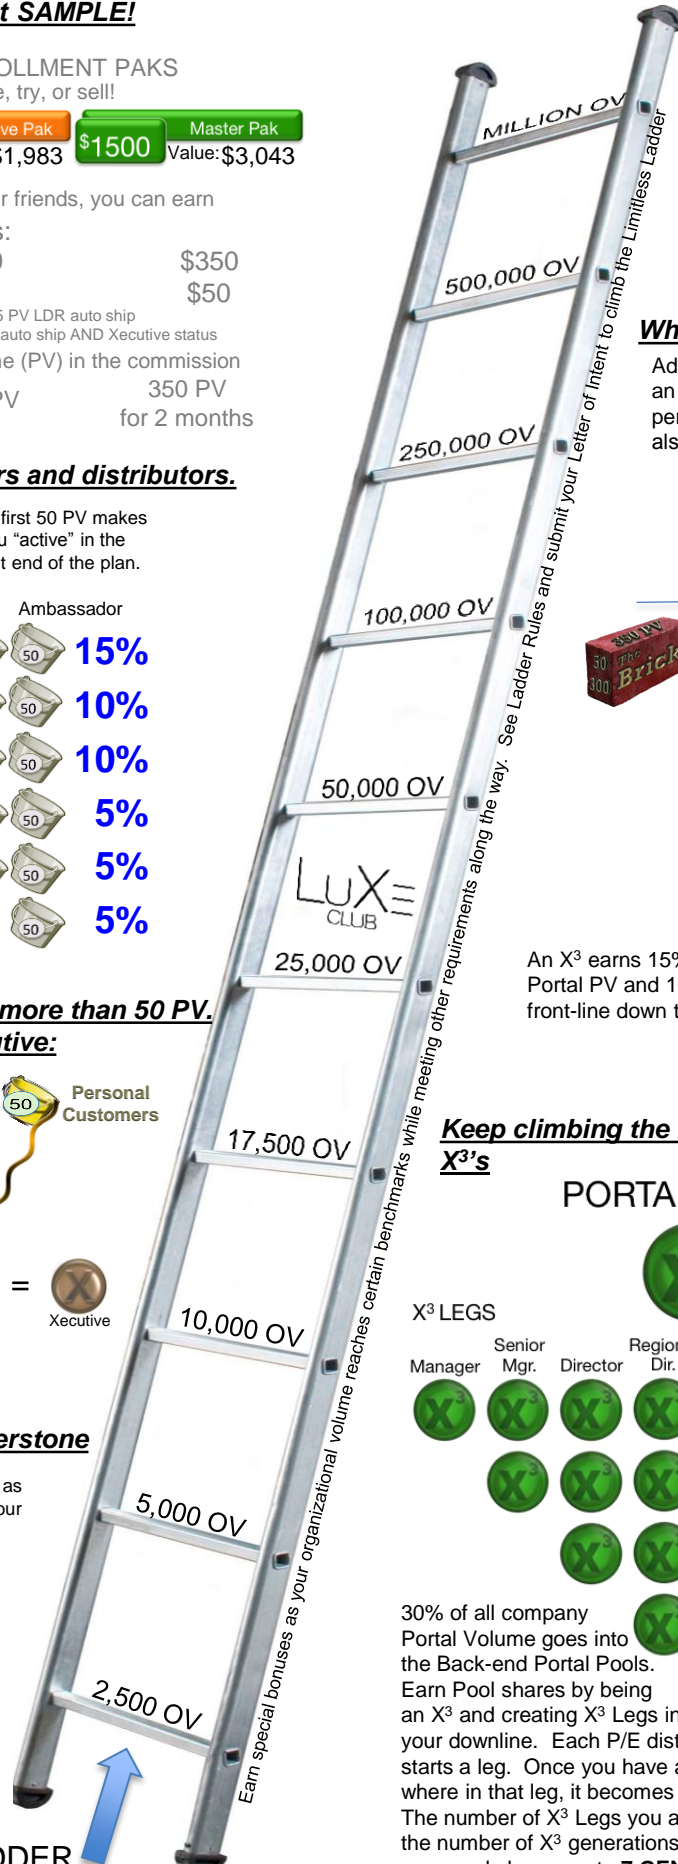

Now build other "bricks" and climb the Limitless Ladder by timely increasing your Organizational Volume and earn ADDITIONAL BONUSES while you learn the compensation plan!

**While Climbing the Ladder...**

Advance from being an Xec to an X<sup>3</sup> by having three of your personally enrolled distributors also become a "brick" Xec.

An X<sup>3</sup> earns 15% on all front-line spillover Portal PV and 10% on all spillover beyond the front-line down to the next X<sup>3</sup> in their group.

**Keep climbing the ladder while building X<sup>3</sup>'s**
